RIDE AT YOUR OWN RISK:

Action sports can be hazardous. Injuries can occur.

RIDE SAFELY WITHIN YOUR ABILITY:

Many of the routes/lines through the park require advanced mountain bike and freestyle skills, including jumping. Maintain control at all times.

LOOK BEFORE YOU LEAP:

This area contains both natural and man-made terrain which changes constantly due to weather, use, and maintenance. Do not ride or jump blindly.

SHOW EACH OTHER RESPECT AND SHARE THE TRAIL:

Respect the land and the other visitors. Watch out for each other and stay clear of landing areas. The trails are multi-use for biking, hiking, and running. Bikers yield to hikers. Please do not ride when it's wet.

LOWER YOUR SADDLE FOR MORE FUN:

It is strongly recommended you lower your saddle when descending for improved bike handling.

SAFETY EQUIPMENT IS RECOMMENDED:

This includes appropriate helmet, leg, and elbow pads that fit properly. Serious injury or death can occur even with proper precautions. **EVERYONE SHOULD WEAR A HELMET!**

BEWARE OF WILDLIFE:

Be cautious of snakes and other wildlife.

BE SMART ABOUT THE CONDITIONS:

Pay attention to the weather, dress appropriately, and carry enough water.

UNEXPLODED ORDNANCE (UXO)

This is a former army installation and unexploded munitions such as mortars, shells, etc. can potentially be on the site. **STAY ON THE TRAIL!**

Cell phones may not work on this site. If visiting solo, let someone know where you are and how long you plan to be on the trail.

Trails are multi-use for biking, hiking, and running. Everyone on foot should be aware that bikes can travel at high speeds, especially when descending.

Please remain aware of other visitors and be respectful of trail use designations.
